

## Getting from the Museumpark Car Park to the Kunsthall

There are four parking spaces for disabled in the Museumpark car park. If you drive into the car park, you will see them almost immediately on your left.

On leaving your car, follow the yellow painted line on the floor in the direction of 'Centrum / Culturele Instellingen' (this is indicated on the signposts). There is a lift to the level above at the end of this line. Having taken the lift, leave the car park and turn left immediately into Melkkoppad (see map). Follow this path almost to the end then turn right to the Kunsthall entrance.
